**Stephen Brookson : DK Essential Managers: Understanding Accounts** before purchasing it in order to gage whether or not it would be worth my time, and all praised DK Essential Managers: Understanding Accounts:

0 of 0 people found the following review helpful. It's really not that good, but it was worth my time reading itBy Joseph DeweyThis is one of those books I bought in the airport. I'd probably buy it again at an airport, but I wouldn't buy it on a place like , where there's a better selection of basic accounting books.All I wanted was a quick overview of different accounting concepts, and it did give me that.But, it's really not a very good book. It's very choppy, and I asked a real accountant about a few terms they used in the book, and he said, "I've never heard that term before."The pictures and illustrations are sometimes unintentionally funny.0 of 0 people found the following review helpful. Very Good ConditionBy coopekI received book and is in very good condition. Thank You.2 of 4 people found the following review helpful. easy to understand quicklyBy A Customerif you want konw something about the account,this book can

do it in first step. it is easy to understand quickly.

Learn how to understand financial terms and documents and read and interpret company accounts. Understanding Accounts not only explains the functions of the profit and loss account, the balance sheet and the cash flow statement and forecast, but also shows how they are constructed and how they fit together to reveal a complete picture of an organization's performance. Power tips reveal how to get behind the figures and understand the true significance of financial information. The Essential Managers have sold more than 1.9 million copies worldwide! Experienced and novice managers alike can benefit from these compact guides that slip easily into a briefcase or a portfolio. The topics are relevant to every work environment, from large corporations to small businesses. Concise treatments of dozens of business techniques, skills, methods, and problems are presented with hundreds of photos, charts, and diagrams. It is the most exciting and accessible approach to business and self-improvement available.
