administración de empresas. Para muchas personas este libro puede parecer muy básico pero para mí, que estoy empezando en los negocios, es un libro perfecto. Me encanta la fuerza y la pasión que Dave Ramsey tiene, y me ha dado lineamientos básicos para la empresa. 0 of 0 people found the following review helpful. Todo lo que siempre quiso saber sobre cómo montar y hacer prosperar un negocio... cuando no tiene a quien consultar. Su compañía es tan fuerte como sus líderes. Son ellos, esos hombres y esas mujeres, quienes pelean la batalla cotidiana bajo la bandera que constituye su identidad. ¿Son valientes o indecisos? ¿Dirigen a un equipo motivado o se limitan solo a manejar empleados? ¿Se les valora? Su equipo no puede prosperar de su capacidad, lo que me hace pensar en otra pregunta: ¿Estamos creciendo, prosperando? No importa si hoy se encuentra en el escritorio como gerente ejecutivo o en un cubículo como gerente de mandos medios o ante una mesa de juego en la sala de su casa que por el momento constituye su nueva empresa. Este libro le servirá de guía práctica para conducir su empresa, paso a paso, a donde la quiera llevar. Estamos hablando de la vida real. Así es como en verdad funcionan los negocios. Se trata de un tesoro de principios que han sido puestos a prueba desde las trincheras a lo largo de más de veinte años y que le servirá para que lidere con confianza y seguridad.
