Davis W. Edwards : Energy Trading and Investing: Trading, Risk Management, and Structuring Deals in the Energy Market, Second Edition (Professional Finance Investment) before purchasing it in order to gage whether or not it would be worth my time, and all praised Energy Trading and Investing: Trading, Risk Management, and

Structuring Deals in the Energy Market, Second Edition (Professional Finance Investment):

The popular guide to earning stunning profits in the energy markets—updated with critical information on virtually every market, from fossil fuels to renewable energy. *Energy Trading Investing*, 2nd Edition, brings readers up to date on everything they need to know about the energy revolutions that are changing the world—how fracking has the U.S. awash in cheap oil and natural gas; how alternative energy technologies like solar and wind are shaking up utilities; and how changes in the electrical grid are being addressed by multi-state organizations. A long-time veteran of the energy markets, Edwards offers practical advice to help energy investors choose profitable energy investments. The book is written in plain English and has been expanded with information to assist small and large investors, candidates for MBAs and finance degrees, and candidates for professional certifications in risk management understand the risks and benefits of the energy industry. Now is the time for you to enter the energy market or expand your position. Let *Energy Trading Investing* guide you every step of the way.

From the Back Cover: "The essential training manual for anyone who expects to profitably engage the energy market while avoiding the devils lurking in the details." Kurt Yeager, former President and CEO of the Electric Power Research Institute, on the first edition
About the Author DAVIS W. EDWARDS is a senior manager of Deloitte and Touche's National Securities Pricing Center. He is a well-known author and speaker on the topic of risk management, modeling, and trading. Prior to joining Deloitte, he worked as a director of credit risk at Macquarie Bank and senior managing director on the proprietary trading desk at Bear Stearns. Davis Edwards directs the Global Association of Risk Professionals (GARP)'s chapter in Houston, Texas. He is also an expert-level programmer with extensive artificial intelligence experience and a certified Project Management Professional (PMP). Davis has degrees in Electrical Engineering and History from Stevens Institute of Technology and a Masters of Finance from Tulane University.
